EDUCATION

Medi-Caps University, Indore – Indore, Madhya Pradesh
B.Tech in Computer Science | Expected Graduation: May 2026
Current CGPA: 7.78

PROFILE SUMMARY

Python Developer with **6+ months** of experience specializing in **machine learning and decent knowledge of cybersecurity, AWS, full-stack web development**. Proficient in designing **secure systems, building ML models, and developing dynamic web applications**. Skilled in writing **efficient Python code** to automate processes and optimize system performance. Passionate about continuous learning and staying updated with the latest technologies.

Career Goal: To enhance expertise in **machine learning and cybersecurity**, working on complex projects that contribute to innovative technological advancements.

PROJECTS

❖ **Cryptocurrency Price Prediction Using Machine Learning**

Jan 2025 – Present
Role: Full-Stack AI Developer / Machine Learning Engineer
Technologies: React, Flask, Python, LSTM

- Pre-processed **highly volatile cryptocurrency data** and fine-tuned the **LSTM model** to enhance accuracy.
- Integrated backend APIs with the frontend for **seamless real-time predictions**.
- Deployed the model on **cloud infrastructure**, handling challenges like **scalability and optimization**.
- Overcame **data inconsistencies and model overfitting**, improving **prediction accuracy**.

❖ **Portfolio Website (Padfolio)**

Jan 2025 – Feb 2025
Role: Full-Stack Developer
Technologies: React

- Designed and developed a **fully functional digital portfolio** to showcase projects, skills, and experience.
- Implemented an **interactive and responsive UI** for an engaging user experience.
- Optimized website performance for **fast loading and SEO**.

❖ **Educational Website with Skill Analysis & Career Roadmaps**

Jan 2025 – Present
Role: Frontend Developer
Technologies: React

- Built an **interactive learning platform** offering **skill analysis, personalized learning paths, and job opportunities**.
- Integrated **AI-based assessments** to recommend tailored career roadmaps.
- Developed a **job and internship listing section** to connect users with real-world opportunities.
- Focused on **scalability and UX optimization** for a smooth experience.

CERTIFICATIONS & ACHIEVEMENTS

- **Introduction to Cybersecurity** | Cisco | 2025
- **Python Essentials 1** | Cisco | 2025
- **Python Essentials 2** | Cisco | 2025
- **AWS Cloud Clubs Generative AI Camper** | Amazon Web Services | 2024

SKILLS

Programming Languages: Python, JavaScript, C++, C, SQL, HTML/CSS
Frameworks & Tools: React.js, Flask, AWS, Git, REST APIs, Docker, Kubernetes
Technical Expertise: Machine Learning, Cybersecurity, Cloud Computing, Full-Stack Development, Data Structures & Algorithms.
